President's

Message

Hello to the NUTS

April is here and May is just around the corner; the best possible time of year for getting out with a detector, Bring what you find to the meeting for the find of the month competition. I have silver dimes for the winners.

For Memorial Day weekend, we have planned a NUTS Club outing to an old coal mining area near Kemmerer Wyoming. There are many ghost towns and trash dumps in this area. Blazon tokens found there in the last few years have sold for close to a thousand \$ each. People are telling me there are trash dumps and black ash piles all over the place, mostly untouched since the miners left in the 1940's.

Last month Don Swain gave an interesting talk about military souvenir medals. He also explained some of the techniques for refueling a fighter plane in the mid Atlantic. Thanks Don.

This month we had hoped to have our meeting at the Stan Sanders Bottle Museum. Unfortunately, Stan is going into the hospital this Monday for cancer treatment. I hope he gets thru it with as little pain as possible, and can host our group sometime in the future. He is such a great guy, I hope you all can meet him.

This month our meeting will be held on our regular day and time and place (Thursday, April 24, 7:00pm at the Redwood Multipurpose Center). Bruce Dugger, one of Utah's most experienced and successful metal detectorists, will tell us a few things about metal detectors. Maybe we can get him to let us in on some of his secrets.

Dave

A Note From your Nutty editor

We have seen a comedy of errors trying to get this last set of clues to the members. At the February meeting, Bob had someone drop off the clues; they set them on the table, but nobody passed them out, and nobody announced that the clues were there. When I was putting the March newsletter together, I didn't have the clues, and called Bob to see if he could send them by E-Mail. Somehow one of the pages was dropped—let's blame the computer—and the little symbol to

decipher was left off of #30. The corrected version is in this newsletter. So now you have the complete set of clues. As of April 16, nobody has yet claimed the prize, so you could be the one to find it.
